AUDITOR OF PUBLIC ACCOUNTS

Independent Auditor's Report

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Kenneth C. Imes, Calloway County Judge/Executive
Members of the Calloway County Fiscal Court

Report on the Audit of the Financial Statement

Opinions

We have audited the accompanying Statement of Receipts, Disbursements, and Changes in Fund Balances – Regulatory Basis of the Calloway County Fiscal Court, for the year ended June 30, 2025, and the related notes to the financial statement, which collectively comprise the Calloway County Fiscal Court's financial statement as listed in the table of contents.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the receipts, disbursements, and changes in fund balances – regulatory basis of the Calloway County Fiscal Court, for the year ended June 30, 2025, in accordance with accounting practices prescribed or permitted by the Commonwealth of Kentucky as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Calloway County Fiscal Court, for the year ended June 30, 2025, or the changes in financial position and cash flows thereof for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Fiscal Court Audit Guide* issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the Calloway County Fiscal Court and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Kenneth C. Imes, Calloway County Judge/Executive
Members of the Calloway County Fiscal Court

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the Calloway County Fiscal Court on the basis of the accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statement

Calloway County Fiscal Court's management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Calloway County Fiscal Court's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Calloway County Fiscal Court's internal control. Accordingly, no such opinion is expressed.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Kenneth C. Imes, Calloway County Judge/Executive
Members of the Calloway County Fiscal Court

Auditor's Responsibilities for the Audit of the Financial Statement (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Calloway County Fiscal Court's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statement taken as a whole of the Calloway County Fiscal Court. The Budgetary Comparison Schedules are presented for purposes of additional analysis and are not a required part of the financial statement; however, they are required to be presented in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws.

The accompanying Budgetary Comparison Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedules are fairly stated in all material respects in relation to the financial statement as a whole.

Other Information

Management is responsible for the other information included in this report. The other information is comprised of the schedule of capital assets but does not include the financial statement and our auditor's report thereon. Our opinions on the financial statement do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statement, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statement, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Kenneth C. Imes, Calloway County Judge/Executive
Members of the Calloway County Fiscal Court

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 8, 2026, on our consideration of the Calloway County Fiscal Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Calloway County Fiscal Court's internal control over financial reporting and compliance.

Based on the results of our audit, we present the accompanying Schedule of Findings and Responses included herein, which discusses the following report finding:

2025-001 The Calloway County Fiscal Court Failed To Implement Effective Internal Controls Over Disbursements

NOTES TO FINANCIAL STATEMENT**

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The financial statement of Calloway County includes all budgeted and unbudgeted funds under the control of the Calloway County Fiscal Court. Budgeted funds included within the reporting entity are those funds presented in the county's approved annual budget and reported on the quarterly reports submitted to the Department for Local Government. Unbudgeted funds may include non-fiduciary financial activities, private purpose trust funds, and internal service funds that are within the county's control. Unbudgeted funds may also include any corporation to act for and on behalf of, and as the agency and instrumentality of the fiscal court in the acquisition and financing of any public project which may be undertaken by the fiscal court pursuant to the provisions of Kentucky law and thus accomplish a public purpose of the fiscal court. The unbudgeted funds are not presented in the annual approved budget or in the quarterly reports submitted to the Department for Local Government.

B. Basis of Accounting

The financial statement is presented on a regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves the reporting of fund balances and the changes therein resulting from cash inflows (cash receipts) and cash outflows (cash disbursements) to meet the financial reporting requirements of the Department for Local Government and the laws of the Commonwealth of Kentucky.

This regulatory basis of accounting differs from GAAP primarily because the financial statement format does not include the GAAP presentations of government-wide and fund financial statements, cash receipts are recognized when received in cash rather than when earned and susceptible to accrual, and cash disbursements are recognized when paid rather than when incurred or subject to accrual.

Generally, except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to sale ninety days following April 15.

C. Basis of Presentation

Budgeted Funds

The fiscal court reports the following budgeted funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary sources of receipts for this fund are state payments for truck license distribution, municipal road aid, and transportation grants. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the General Fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenses of the county. The primary sources of receipts for this fund are reimbursements from the state and federal governments, payments from other counties for housing prisoners, and transfers from the General Fund. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the General Fund.

C. Basis of Presentation (Continued)

Budgeted Funds (Continued)

Local Government Economic Assistance Fund - The primary purpose of this fund is to account for grants and related disbursements. The primary sources of receipts for this fund are grants from the state and federal governments.

Jail Grant Fund - This fund was established to isolate state grant proceeds intended to offset construction costs of the county jail. These funds and associated earnings are intended to be used for future repayments of jail debt.

Jail Construction Fund - The primary purpose of this fund is to account for tax revenues generated for the payment of the new jail. Debt payments were transferred to the public properties corporation for payment, but the jail debt has since been paid in full.

E-911 Fund - The primary purpose of this fund is to account for dispatch services of the county. The primary sources of receipts for this fund are 911 fees.

County Clerk Storage Fund - The primary purpose of this fund is to account for the receipts and disbursements associated with preservation of records within the county clerk's recording department. The primary source of receipts of this fund is the county clerk's collection of storage fees.

American Rescue Plan Act Fund - The primary purpose of this fund is to account for receipts received from the federal government.

Opioid Fund - The primary purpose of this fund is to account for funds used to combat the county's opioid crisis. Receipts of this fund are received from the state as a result of the state's agreement with major opioid manufacturers and distributors.

Auto Insurance Tax Fund - The primary purpose of this fund is to account for the tax revenues generated on auto insurance premiums.

Unbudgeted Fund

The fiscal court reports the following unbudgeted fund:

Jail Commissary Fund - The canteen operations are authorized pursuant to KRS 441.135. The profits generated from the sale of items are to be used for the benefit and to enhance the well-being of the inmates, or to enhance safety and security within the jail. The jailer is required to maintain accounting records and report annually to the county treasurer the receipts and disbursements of the Jail Commissary Fund.

D. Budgetary Information

Annual budgets are adopted on a regulatory basis of accounting according to the laws of Kentucky as required by the state local finance officer, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board.

CALLOWAY COUNTY
NOTES TO FINANCIAL STATEMENT

Note 1. Summary of Significant Accounting Policies (Continued)

D. Budgetary Information (Continued)

The county judge/executive is required to submit estimated receipts and proposed disbursements to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the state local finance officer. Disbursements may not exceed budgeted appropriations at the activity level.

The state local finance officer does not require the Jail Commissary Fund to be budgeted because the fiscal court does not approve the expenses of this fund.

E. Calloway County Elected Officials

Kentucky law provides for election of the officials listed below from the geographic area constituting Calloway County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These financial statements are not required to be included in the financial statement of the Calloway County Fiscal Court.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

F. Deposits and Investments

The government's fund balance is considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition. The government's fund balance includes cash and cash equivalents and investments.

KRS 66.480 authorizes the county to invest in obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

G. Long-term Obligations

The fund financial statement recognizes bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as disbursements. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as disbursements. Debt proceeds are reported as other adjustments to cash.

H. Related Organizations and Joint Ventures

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization's governing board. Based on these criteria, the following are considered related organizations of the Calloway County Fiscal Court:

Industrial Development Authority	South 641 Water District
Fire Departments	Almo/Dexter Water District
Lynn Grove Water District	Water District #2
Conservation District	Library
Health Department	Extension Districts

Jointly governed organizations are regional governments or other multi-governmental arrangements that are governed by representatives from each of the governments that created the organizations but are not joint ventures because the participants do not retain an ongoing financial interest or responsibility. Based on this criteria, the following are considered jointly governed organizations of the Calloway County Fiscal Court.

Murray-Calloway County Economic Development Corporation	Murray-Calloway County Airport
Murray-Calloway County Senior Citizens Center	
Murray-Calloway County Transit Authority	

A legal entity or other organization that results from a contractual agreement and that is owned, operated, or governed by two or more participants as a separate activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility is a joint venture. The Calloway County Fiscal Court entered an interlocal agreement with City of Murray for operation of Murray-Calloway County Hospital.

Murray-Calloway County Hospital is a corporation that is equally owned by the City of Murray and Calloway County, each having equal ownership rights and being the exclusive members of the corporation.

Note 2. Deposits

The fiscal court maintained deposits of public funds with federally insured banking institutions as required by the Department for Local Government's (DLG's) *County Budget Preparation and State Local Finance Officer Policy Manual*. The DLG manual strongly recommends perfected pledges of securities covering all public funds except direct federal obligations and funds protected by federal insurance. In order to be perfected in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the fiscal court and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned. The government does not have a deposit policy for custodial credit risk, but rather follows the requirements of DLG's *County Budget Preparation and State Local Finance Officer Policy Manual*. As of June 30, 2025, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

Note 3. Transfers

The table below shows the interfund operating transfers for fiscal year 2025.

	General Fund	Total Transfers In
Road Fund	\$ 800,000	\$ 800,000
Jail Fund	1,850,000	1,850,000
Total Transfers Out	<u>\$ 2,650,000</u>	<u>\$ 2,650,000</u>

Reason for transfers:

To move resources from and to the General Fund and other funds, for budgetary purposes, to the funds that will expend them.

Note 4. Custodial Funds

Custodial funds report only those resources held in a trust or custodial capacity for individuals, private organizations, or other governments. In accordance with the regulatory basis of accounting, custodial funds are not presented on the financial statement.

The fiscal court has the following custodial fund:

Jail Inmate Fund - This fund accounts for funds received from the inmates. The balance in the Jail Inmate Fund as of June 30, 2025, was \$467,705.

Note 7. Employee Retirement System

The fiscal court has elected to participate, pursuant to KRS 78.530, in the County Employees Retirement System (CERS). This is a cost-sharing, multiple-employer, defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute. Effective April 1, 2021, the Kentucky Public Pension Authority (KPPA) was created by KRS 61.505 to provide staffing and daily administrative needs for CERS and Kentucky Retirement Systems (Ky. Ret. Sys.). The CERS nine member board of trustees is responsible for the governance of the CERS pension and insurance plans.

The county's contribution for FY 2023 was \$1,220,839, FY 2024 was \$724,788, and FY 2025 was \$680,304.

Nonhazardous

Nonhazardous covered employees are required to contribute 5% of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008, are required to contribute 6% of their salary to be allocated as follows: 5% will go to the member's account and 1% will be allocated to CERS's share of assets in the Ky. Ret. Sys. insurance trust fund.

In accordance with Senate Bill 2, signed by the Governor on April 4, 2013, plan members who began participating on or after January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute a set percentage of their salary each month to their own accounts. Nonhazardous covered employees contribute 5% of their annual creditable compensation. Nonhazardous members also contribute 1% to the health insurance fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by CERS Board of Trustees based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. A member's account is credited with a 4% employer pay credit. The employer pay credit represents a portion of the employer contribution.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008, must meet the rule of 87 (member's age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

The county's contribution rate for nonhazardous employees was 19.71%.

Other Post-Employment Benefits (OPEB)

A. Health Insurance Coverage - Tier 1

CERS provides post-retirement health care coverage as follows:

For members participating prior to July 1, 2003, years of service and respective percentages of the maximum contribution are as follows:

10-14	50%	50%
4-9	25%	75%

As a result of House Bill 290 (2004 General Assembly), medical insurance benefits are calculated differently for members who began participation on or after July 1, 2003. Once members reach a minimum vesting period of ten years, non-hazardous employees whose participation began on or after July 1, 2003, earn \$10 per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Benefits are covered under KRS 78.5536.

B. Health Insurance Coverage - Tier 2 and Tier 3 - Nonhazardous

Once members reach a minimum vesting period of 15 years, they earn \$10 per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually by 1.5%. This was established for Tier 2 members during the 2008 Special Legislative Session by House Bill 1. During the 2013 Legislative Session, Senate Bill 2 was enacted, creating Tier 3 benefits for members.

The monthly insurance benefit has been increased annually as a 1.5% cost of living adjustment (COLA) since July 2003 when the law changed. The annual increase is cumulative and continues to accrue after the member's retirement.

Tier 2 member benefits are covered by KRS 78.5536. Tier 3 members are not covered by the same provisions.

C. Cost of Living Adjustments - Tier 1

The 1996 General Assembly enacted an automatic cost of living adjustment (COLA) provision for all recipients of Ky. Ret. Sys. benefits. During the 2008 Special Session, the General Assembly determined that each July beginning in 2009, retirees who have been receiving a retirement allowance for at least 12 months will receive an automatic COLA of 1.5%. The COLA is not a guaranteed benefit. If a retiree has been receiving a benefit for less than 12 months, and a COLA is provided, it will be prorated based on the number of months the recipient has been receiving a benefit.

D. Cost of Living Adjustments - Tier 2 and Tier 3

No COLA is given unless authorized by the legislature with specific criteria. To this point, no COLA has been authorized by the legislature for Tier 2 or Tier 3 members.

E. Death Benefit

If a retired member is receiving a monthly benefit based on at least 48 months of service credit, KPPA will pay a \$5,000 death benefit payment to the beneficiary designated by the member specifically for this benefit. Members with multiple accounts are entitled to only one death benefit.

F. Annual Financial Report and Proportionate Share Audit Report

KPPA issues a publicly available annual financial report that includes financial statements and required supplementary information on CERS. This report may be obtained by writing the Kentucky Public Pensions Authority, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646. Some reports may also be obtained online at <https://kyret.ky.gov>.

KPPA also issues proportionate share audit reports for both total pension liability and other post-employment benefits for CERS determined by actuarial valuation as well as each participating county's proportionate share. Both the Schedules of Employer Allocations and Pension Amounts by Employer and the Schedules of Employer Allocations and OPEB Amounts by Employer reports and the related actuarial tables are available online at <https://kyret.ky.gov>. The complete actuarial valuation report, including all actuarial assumptions and methods, is also available on the website or can be obtained as described in the paragraph above.

Note 8. Deferred Compensation

On January 1, 1997, the Calloway County Fiscal Court voted to allow all eligible employees to participate in deferred compensation plans administered by the Kentucky Public Employees' Deferred Compensation Authority. The Kentucky Public Employees' Deferred Compensation Authority is authorized under KRS 18A.230 to 18A.275 to provide administration of tax-sheltered supplemental retirement plans for all state, public school and university employees, and employees of local political subdivisions that have elected to participate.

These deferred compensation plans permit all full-time employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation by eligible employees in the deferred compensation plans is voluntary.

Historical trend information showing the Kentucky Public Employees' Deferred Compensation Authority's progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Public Employees' Deferred Compensation Authority's annual financial report. This report may be obtained by writing the Kentucky Public Employees' Deferred Compensation Authority at 501 High Street, 2nd Floor, Frankfort, KY 40601, or by telephone at (502) 573-7925.

Note 9. Health Reimbursement Account/Flexible Spending Account

The Calloway County Fiscal Court offered their employees a health insurance plan that included the benefit of the first \$2,100 of claims for the year to be paid by the county. The county also established a flexible spending account (FSA) to provide employees with an additional health benefit. Employees contribute to their FSA through payroll deductions. The county's insurance provider handles all claims.

Note 10. Insurance

For the fiscal year ended June 30, 2025, the Calloway County Fiscal Court was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

Note 12. Contingencies

The county is involved in multiple lawsuits. While individually they may not be significant, in the aggregate they could negatively impact the county's financial position. Due to the uncertainty of the litigation, a reasonable estimate of the financial impact on the county cannot be made at this time.

CALLOWAY COUNTY
NOTES TO REGULATORY SUPPLEMENTARY
INFORMATION - BUDGETARY COMPARISON SCHEDULES

June 30, 2025

Note 1. Budgetary Information

Annual budgets are adopted on a regulatory basis of accounting according to the laws of Kentucky as required by the state local finance officer, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board.

The county judge/executive is required to submit estimated receipts and proposed disbursements to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the state local finance officer. Disbursements may not exceed budgeted appropriations at the activity level.

Note 2. Excess of Disbursements Over Appropriations

The Road Fund, capital projects line-item exceeded budgeted appropriations by \$30,123 and the Jail Fund, general government line-item exceeded budgeted appropriations by \$6,500.

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

The Honorable Kenneth C. Imes, Calloway County Judge/Executive
Members of the Calloway County Fiscal Court

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Receipts, Disbursements, and Changes in Fund Balances - Regulatory Basis of the Calloway County Fiscal Court for the fiscal year ended June 30, 2025, and the related notes to the financial statement which collectively comprise the Calloway County Fiscal Court's financial statement and have issued our report thereon dated July 8, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Calloway County Fiscal Court's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Calloway County Fiscal Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Calloway County Fiscal Court's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings and Responses, we identified a certain deficiency in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2025-001 to be a material weakness.

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*
(Continued)

Report on Compliance And Other Matters

As part of obtaining reasonable assurance about whether the Calloway County Fiscal Court's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Responses as item 2025-001.

Views of Responsible Official and Planned Corrective Action

Government Auditing Standards requires the auditor to perform limited procedures on the Calloway County's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Responses. The county's response was not subjected to the auditing procedures applied in the audit of the financial statement, and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Allison Ball
Auditor of Public Accounts
Frankfort, Ky

CALLOWAY COUNTY SCHEDULE OF FINDINGS AND RESPONSES

For The Year Ended June 30, 2025

2025-001 The Calloway County Fiscal Court Failed To Implement Effective Internal Controls Over Disbursements

Condition and Context

This is a repeat finding and was included in the prior year audit report as finding 2024-001. The Calloway County Fiscal Court failed to implement effective internal controls over disbursements. During our testing of the disbursements of the Calloway County Fiscal Court, we noted the following issues:

- Thirty-seven of 70 disbursements, totaling \$2,996,752, had purchase orders that were issued after the expense had already been incurred.
- Two disbursements totaling \$126,749 did not have a purchase order issued.
- The county did not adhere to bidding requirements for a dump truck purchased from a vendor at a cost of greater than \$40,000.
- Two invoices totaling \$7,464, were not paid within 30 working days.
- Encumbrances were not reported on the fourth quarter financial statement.

Cause

According to staff, purchase orders are issued by the department heads and are typically dated when the invoices are received. Additionally, a lack of oversight caused two invoices to not have purchase orders, the truck to be purchased without bidding, and two invoices being paid late. Finally, encumbrances were not reported on the fourth quarter financial statement because the county was not fully proficient in using its new accounting software.

Effect

A lack of internal controls over disbursements could result in inaccurate financial reporting, misappropriation of assets, cash flow problems, and claims being paid that are not valid obligations of the fiscal court.

Additionally, failing to properly report encumbrances could cause the fiscal court to exceed available cash balances, which could result in negative fund balances. Moreover, the exclusion of encumbrances has caused the fourth quarter financial statement to be misstated.

Criteria

KRS 68.210 gives the State Local Finance Officer the authority to prescribe a system of uniform accounts. The Department for Local Government's (DLG) *County Budget Preparation and State Local Finance Officer Policy Manual* outlines requirements for counties' handling of public funds including purchasing procedures.

According to a memorandum from DLG dated August 4, 2016, "[t]he main purpose of this system is to ensure that purchases can be made if there are sufficient appropriations available within the amount of line items in the county's budget. Because of this, it is a requirement by the State Local Finance Officer that all counties have a purchase order system and follow the guidelines prescribed on Page 54 of the *County Budget Preparation and State Local Finance Officer Policy Manual*." Furthermore, DLG highly recommends that counties issue purchase orders for payroll and utility claims.

SCHEDULE OF FINDINGS AND RESPONSES
For The Year Ended June 30, 2025
(Continued)

2025-001 The Calloway County Fiscal Court Failed To Implement Effective Internal Controls Over Disbursements (Continued)

Criteria (Continued)

During the fiscal year examined, KRS 424.260(1) stated, “[e]xcept where a statute specifically fixes a larger sum as the minimum for a requirement of advertisement for bids, no city, county, or district, or board or commission of a city or county, or sheriff or county clerk, may make a contract, lease, or other agreement for:

- (a) Materials;
- (b) Supplies, except perishable foods such as meat, poultry, fish, egg products, fresh vegetables and fresh fruits;
- (c) Equipment; or
- (d) Contractual services other than professional; involving an expenditure of more than forty thousand dollars (\$40,000) without first making newspaper advertisement for bids.”

KRS 65.140(2) states, “[u]nless the purchaser and vendor otherwise contract, all bills for goods or services shall be paid within thirty (30) working days of receipt of a vendor's invoice except when payment is delayed because the purchaser has made a written disapproval of improper performances or improper invoicing by the vendor or by the vendor's subcontractor.”

KRS 68.360(2) states, “[t]he county judge/executive shall, within fifteen (15) days after the end of each quarter of each fiscal year, prepare a statement showing for the current fiscal year to date actual receipts from each county revenue source, the totals of all encumbrances and expenditures charged against each budget fund, the unencumbered balance of the fund, and any transfers made to or from the fund.” Furthermore, it is imperative that encumbrances be reported accurately so that sound financial decisions can be made.

KRS 46.010(2) requires, “each county treasurer, and each county officer who receives or disburses state funds, to keep an accurate account of receipts and disbursements, showing a daily balance of receipts and disbursements.” KRS 46.010(3) requires, “all county officers handling state funds, other than taxes, to make an annual report to the Department for Local Government showing receipts and disbursements, and to make other financial statements as the Department for Local Government requires.” An effective purchase order system is a basic internal control necessary to ensure the accuracy and reliability of financial reports. Moreover, implementation of strong internal controls over disbursements is necessary to prevent misappropriation of assets, cash flow problems, and claims being paid that are not valid obligations of the fiscal court.

Recommendations

We recommend that the Calloway County Fiscal Court strengthen internal controls over disbursements by ensuring that purchase orders are issued prior to all purchases being made. We also recommend the fiscal court comply with KRS 424.260 and KRS 65.140 by following bidding requirements and ensuring all invoices are paid within 30 days. We recommend the fiscal court ensures all credit cards payments are made timely to prevent finance charges being incurred on late payments. Finally, we recommend the fiscal court ensures that any open purchase orders created before the end of the fiscal year be reported as encumbrances of the fourth quarter financial statement.

Views of Responsible Official and Planned Corrective Action

County Judge/Executives’ Response: The Calloway County Fiscal Court will strengthen internal controls as recommended by the auditors with purchase orders and bidding requirements.
