Independent Auditor's Report

Report on the Financial Statement

We have audited the accompanying Statement of Receipts, Disbursements, and Changes in Fund Balances - Regulatory Basis of the Daviess County Fiscal Court, for the year ended June 30, 2020, and the related notes to the financial statement which collectively comprise the Daviess County Fiscal Court's financial statement as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Audit Guide for Fiscal Court Audits* issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

AN EQUAL OPPORTUNITY EMPLOYER M / F / D

To the People of Kentucky The Honorable Andy Beshear, Governor Holly M. Johnson, Secretary Finance and Administration Cabinet The Honorable Al Mattingly, Daviess County Judge/Executive Members of the Daviess County Fiscal Court

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the Daviess County Fiscal Court on the basis of the accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Daviess County Fiscal Court as of June 30, 2020, or changes in financial position or cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the fund balances of the Daviess County Fiscal Court as of June 30, 2020, and their respective cash receipts and disbursements, and budgetary results for the year then ended, in accordance with the basis of accounting practices prescribed or permitted by the Department for Local Government described in Note 1.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statement taken as a whole of the Daviess County Fiscal Court. The Budgetary Comparison Schedules and the Schedule of Expenditures of Federal Awards (supplementary information), as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Schedule of Capital Assets (other information) are presented for purposes of additional analysis and are not a required part of the financial statement; however, they are required to be presented in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws.

To the People of Kentucky The Honorable Andy Beshear, Governor Holly M. Johnson, Secretary Finance and Administration Cabinet The Honorable Al Mattingly, Daviess County Judge/Executive Members of the Daviess County Fiscal Court

Other Matters (Continued)

Supplementary and Other Information (Continued)

The accompanying Budgetary Comparison Schedules and Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedules and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the financial statement as a whole.

The Schedule of Capital Assets has not been subjected to the auditing procedures applied in the audit of the basic financial statement, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 6, 2021, on our consideration of the Daviess County Fiscal Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Daviess County Fiscal Court's internal control over financial reporting and compliance.

Based on the results of our audit, we present the accompanying Schedule of Findings and Questioned Costs included herein, which discusses the following report finding:

DAVIESS COUNTY NOTES TO FINANCIAL STATEMENT

June 30, 2020

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The financial statement of Daviess County includes all budgeted and unbudgeted funds under the control of the Daviess County Fiscal Court. Budgeted funds included within the reporting entity are those funds presented in the county's approved annual budget and reported on the quarterly reports submitted to the Department for Local Government. Unbudgeted funds may include non-fiduciary financial activities, private purpose trust funds, and internal service funds that are within the county's control. Unbudgeted funds may also include any corporation to act as the fiscal court in the acquisition and financing of any public project which may be undertaken by the fiscal court pursuant to the provisions of Kentucky law and thus accomplish a public purpose of the fiscal court. The unbudgeted funds are not presented in the annual approved budget or in the quarterly reports submitted to the Department.

B. Basis of Accounting

The financial statement is presented on a regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves the reporting of fund balances and the changes therein resulting from cash inflows (cash receipts) and cash outflows (cash disbursements) to meet the financial reporting requirements of the Department for Local Government and the laws of the Commonwealth of Kentucky.

This regulatory basis of accounting differs from GAAP primarily because the financial statement format does not include the GAAP presentations of government-wide and fund financial statements, cash receipts are recognized when received in cash rather than when earned and susceptible to accrual, and cash disbursements are recognized when paid rather than when incurred or subject to accrual.

Generally, except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to sale ninety days following April 15.

C. Basis of Presentation

Budgeted Funds

The fiscal court reports the following budgeted funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary sources of receipts for this fund are state payments for truck license distribution, municipal road aid, and transportation grants. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenses of the county. The primary sources of receipts for this fund are reimbursements from the state and federal governments, payments from other counties for housing prisoners, and transfers from the general fund. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

Note 1. Summary of Significant Accounting Policies (Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

D. Budgetary Information

Annual budgets are adopted on a regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board and according to the laws of Kentucky as required by the state local finance officer.

The county judge/executive is required to submit estimated receipts and proposed disbursements to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the state local finance officer. Disbursements may not exceed budgeted appropriations at the activity level.

The state local finance officer does not require the jail commissary fund to be budgeted because the fiscal court does not approve the expenses of this fund.

The state local finance officer does not require the public improvement corporation fund to be budgeted. Bond indentures and other relevant contractual provisions require specific payments to and from this fund annually.

DAVIESS COUNTY NOTES TO FINANCIAL STATEMENT June 30, 2020 (Continued)

Note 2. Deposits (Continued)

In order to be perfected in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the fiscal court and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned. The government does not have a deposit policy for custodial credit risk, but rather follows the requirements of the DLG *County Budget Preparation and State Local Finance Officer Policy Manual*. As of June 30, 2020, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

The Daviess County Public Improvement Corporation entered into a bond issue on December 28, 2007, to finance the acquisition, construction, installation and equipping of a facility to be leased to the Audubon Area Services, Inc., in the furtherance of its educational purposes, all to benefit of the residents of the county.

The Corporation and Audubon Area Community Services, Inc., have entered into a lease, dated December 1, 2007, whereby the Audubon Area Community Services, Inc., makes semi-annual payments directly to the Public Improvement Corporation to fully fund the debt service for the bond issue. The bonds are secured by the mortgage and the receipts and revenues of the corporation derived under the lease. The mortgage imposes a foreclosable first mortgage lien on the administrative building leased to the Audubon Area Services, Inc.

Upon the occurrence of an event of default, and as long as the event of default is continuing, the corporation, or the trustee, as assignee of the corporation, may, at its option, exercise any one or more of the following remedies:

Note 7. Landfill Closure and Post-Closure Costs

State and federal laws and regulations require the Daviess County Fiscal Court to place a final cover on its Municipal Solid Waste Landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste. As of June 30, 2020, county engineers estimate that \$12,484,379 will be required for landfill closure cost and for post-closure care liability. Approximately 4.3% of the landfill airspace capacity has been used as of June 30, 2020.

401 KAR 48:310 Section 2 and 3 requires the owner or operator of a landfill to have a detailed written estimate, in current dollars, the cost of hiring a third party to close the solid waste disposal site and to conduct each phase of closure care monitoring and maintenance in accordance with the closure plan. Pursuant to the regulatory basis of accounting, as described in Note 1, no liability has been recognized on the financial statement for closure or post closure care costs. Daviess County must comply with established state and federal closure procedures and must perform maintenance and monitoring procedures at the site for 30 years after closure. Estimated closure costs total \$7,574,177, and the estimated thirty year post closure care costs total \$4,910,202. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. Estimates are adjusted for inflation. The projected remaining life for the current permitted space is 33.8 years. No cost related to closure or post-closure care has been incurred to date. In order to meet financial assurance requirements, the fiscal court reserves a portion of the landfill receipts for landfill closure and post-closure care. For every ton deposited into the county's landfill, \$1 is transferred from the solid waste operating fund into the solid waste closure fund and \$0.25 is transferred into the solid waste post-closure fund. At June 30, 2020, the solid waste closure fund had a balance of \$4,415,884 and the solid waste post-closure fund had a balance \$3,124,730.

Note 8. Commitments and Contingencies

The county is involved in multiple lawsuits. While individually they may not be significant, in the aggregate they could negatively impact the county's financial position. Due to the uncertainty of the litigation, a reasonable estimate of the financial impact on the county cannot be made at this time.

Note 9. Employee Retirement System

The fiscal court has elected to participate, pursuant to KRS 78.530, in the County Employees Retirement System (CERS), which is administered by the Board of Trustees of the Kentucky Retirement Systems (KRS). This is a cost-sharing, multiple-employer, defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute.

The county's contribution for FY 2018 was \$2,448,974, FY 2019 was \$2,852,494, and FY 2020 was \$3,099,247.

Nonhazardous

Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008, are required to contribute 6 percent of their salary to be allocated as follows: 5 percent will go to the member's account and 1 percent will go to the KRS insurance fund.

In accordance with Senate Bill 2, signed by the Governor on April 4, 2013, plan members who began participating on or after January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute a set percentage of their salary each month to their own accounts. Nonhazardous covered employees contribute 5 percent of their annual creditable compensation. Nonhazardous members also contribute 1 percent to the health insurance fund which is not credited to the member's account and is not refundable. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. A member's account is credited with a 4 percent employer pay credit. The employer pay credit represents a portion of the employer contribution.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008, must meet the rule of 87 (member's age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

The county's contribution rate for nonhazardous employees was 24.06 percent.

Hazardous

Hazardous covered employees are required to contribute 8 percent of their salary to the plan. Hazardous covered employees who begin participation on or after September 1, 2008, are required to contribute 9 percent of their salary to be allocated as follows: 8 percent will go to the member's account and 1 percent will go to the KRS insurance fund.

In accordance with Senate Bill 2, signed by the Governor on April 4, 2013, plan members who began participating on or after January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan.

Note 9. Employee Retirement System (Continued)

Hazardous (Continued)

Members in the plan contribute a set percentage of their salary each month to their own accounts. Hazardous members contribute 8 percent of their annual creditable compensation and also contribute 1 percent to the health insurance fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by the Board of Directors based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. A hazardous member's account is credited with a 7.5 percent employer pay credit. The employer pay credit represents a portion of the employer contribution.

Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55. For hazardous employees who begin participation on or after September 1, 2008, aspects of benefits include retirement after 25 years of service or the member is age 60, with a minimum of 60 months of service credit.

The county's contribution rate for hazardous employees was 39.58 percent.

Other Post-Employment Benefits (OPEB)

A. <u>Health Insurance Coverage - Tier 1</u>

CERS provides post-retirement health care coverage as follows:

For members participating prior to July 1, 2003, years of service and respective percentages of the maximum contribution are as follows:

Years of Service	% Paid by Insurance Fund	% Paid by Member through Payroll Deduction
20 or more	100%	0%
15-19	75%	25%
10-14	50%	50%
4-9	25%	75%
Less than 4	0%	100%

As a result of House Bill 290 (2004 General Assembly), medical insurance benefits are calculated differently for members who began participation on or after July 1, 2003. Once members reach a minimum vesting period of ten years, non-hazardous employees whose participation began on or after July 1, 2003, earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Hazardous employees whose participation began on or after July 1, 2003, earn 15 dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. Upon the death of a hazardous employee, the employee's spouse receives ten dollars per month for insurance benefits for each year of the deceased employee's hazardous service. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Benefits are covered under KRS 161.714 with exception of COLA and retiree health benefits after July 2003.

Note 9. Employee Retirement System (Continued)

Other Post-Employment Benefits (OPEB) (Continued)

B. <u>Health Insurance Coverage - Tier 2 and Tier 3 - Nonhazardous</u>

Once members reach a minimum vesting period of 15 years, they earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually by 1.5 percent. This was established for Tier 2 members during the 2008 Special Legislative Session by House Bill 1. During the 2013 Legislative Session, Senate Bill 2 was enacted, creating Tier 3 benefits for members.

The monthly insurance benefit has been increased annually as a 1.5 percent cost of living adjustment (COLA) since July 2003 when the law changed. The annual increase is cumulative and continues to accrue after the member's retirement.

Tier 2 member benefits are covered by KRS 161.714 with exception of COLA and retiree health benefits after July 2003. Tier 3 members are not covered by the same provisions.

C. Health Insurance Coverage - Tier 2 and Tier 3 - Hazardous

Once members reach a minimum vesting period of 15 years, they earn fifteen dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually by 1.5 percent. Upon the death of a hazardous employee, the employee's spouse receives ten dollars per month for insurance benefits for each year of the deceased employee's hazardous service. This was established for Tier 2 members during the 2008 Special Legislative Session by House Bill 1. During the 2013 Legislative Session, Senate Bill 2 was enacted, creating Tier 3 benefits for members.

The monthly insurance benefit has been increased annually as a 1.5 percent COLA since July 2003 when the law changed. The annual increase is cumulative and continues to accrue after the member's retirement.

D. Cost of Living Adjustments - Tier 1

The 1996 General Assembly enacted an automatic cost of living adjustment (COLA) provision for all recipients of KRS benefits. During the 2008 Special Session, the General Assembly determined that each July beginning in 2009, retirees who have been receiving a retirement allowance for at least 12 months will receive an automatic COLA of 1.5 percent. The COLA is not a guaranteed benefit. If a retiree has been receiving a benefit for less than 12 months, and a COLA is provided, it will be prorated based on the number of months the recipient has been receiving a benefit.

E. Cost of Living Adjustments - Tier 2 and Tier 3

No COLA is given unless authorized by the legislature with specific criteria. To this point, no COLA has been authorized by the legislature for Tier 2 or Tier 3 members.

F. Death Benefit

If a retired member is receiving a monthly benefit based on at least 48 months of service credit, KRS will pay a \$5,000 death benefit payment to the beneficiary designated by the member specifically for this benefit. Members with multiple accounts are entitled to only one death benefit.

Note 9. Employee Retirement System (Continued)

KRS Annual Financial Report and Proportionate Share Audit Report

KRS issues a publicly available annual financial report that includes financial statements and required supplementary information on CERS. This report may be obtained by writing the Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

KRS also issues proportionate share audit reports for both total pension liability and other post-employment benefits for CERS determined by actuarial valuation as well as each participating county's proportionate share. Both the Schedules of Employer Allocations and Pension Amounts by Employer and the Schedules of Employer Allocations and Pension Amounts by Employer and the Schedules of Employer Allocations and the related actuarial tables are available online at https://kyret.ky.gov. The complete actuarial valuation report, including all actuarial assumptions and methods, is also available on the website or can be obtained as described in the paragraph above.

Note 10. Deferred Compensation

The Daviess County Fiscal Court voted to allow all eligible employees to participate in deferred compensation plans administered by the Kentucky Public Employees' Deferred Compensation Authority. The Kentucky Public Employees' Deferred Compensation Authority is authorized under KRS 18A.230 to 18A.275 to provide administration of tax sheltered supplemental retirement plans for all state, public school and university employees, and employees of local political subdivisions that have elected to participate.

These deferred compensation plans permit all full time employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation by eligible employees in the deferred compensation plans is voluntary.

Historical trend information showing the Kentucky Public Employees' Deferred Compensation Authority's progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Public Employees' Deferred Compensation Authority's annual financial report. This report may be obtained by writing the Kentucky Public Employees' Deferred Compensation Authority at 501 High Street, 2nd Floor, Frankfort, KY 40601, or by telephone at (502) 573-7925.

Note 11. Health Reimbursement Account/Flexible Spending Account

The Daviess County Fiscal Court established a flexible spending account on January 1, 2012, to provide employees an additional health benefit. The county has contracted with Total Administrative Service Corporation (TASC), a third-party administrator to administer the plan. The plan was amended January 1, 2014. The plan provides a debit card to eligible employees who waive insurance coverage, providing \$500 each year to pay for qualified medical expenses. Employees may also contribute additional pre-tax funds up to \$2,550 through payroll deduction. The balance of the plan is \$59,476, which is included in the health insurance fund cash balance.

During fiscal year 2016, the fiscal court established a health reimbursement account. The fiscal court contributes \$1,000 on behalf of employees electing employee only status for coverage in the core plan and \$2,000 for all family categories in the core plan, to a health reimbursements account (HRA) for employees to offset the deductible of the core plan. (These amounts are prorated for new hires.) HRA credits can be used to reimburse expenses that count toward the calendar year deductible, co-insurance, co-pays, dental, and vision out-of-pocket expenses. HRA credits that remain at the end of the calendar year do not rollover. Any balance left in the HRA at the time an employee leaves employment with the fiscal court will belong to the Daviess County Fiscal Court.

Note 11. Health Reimbursement Account/Flexible Spending Account (Continued)

However, beginning on January 1, 2020, the county terminated their health reimbursement account and flexible spending account and joined the Kentucky Employees Health Plan (KEHP). The remaining balance of this plan will be used to pay run out claims.

Note 12. Insurance

For the fiscal year ended June 30, 2020, the Daviess County Fiscal Court was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

Note 13. Self-Insurance Fund

The Daviess County Fiscal Court elected to begin a partially self-funded health insurance plan in April 2002. This partially self-funded insurance plan covers all employees and the county pays 85% of each employees' benefits and the employees pay the remaining 15%. Daviess County elected to purchase a stop-loss insurance policy from Anthem to cover losses from individual and aggregate claims once the county reached the individual and aggregate attachment points. Employees are required to assume liability for claims in excess of maximum lifetime reimbursements established by the insurance company.

This partially self-funded insurance plan has two distinct components that the fiscal court must pay. The first component is the fixed cost, which consists of administrative fees associated with operating the plan, and specific and aggregate reinsurance costs that cap the county's claims exposure on an individual and aggregate basis. Incurred fixed costs for fiscal year ending June 30, 2020, were a credit of \$352,574. The second component is the claims cost, all of which Daviess County is responsible to pay as they incur. Once an individual exceeds \$100,000 in claims or the county's aggregate claims exceed the predetermined maximum, then the county will receive reimbursements from the reinsurance carrier. Incurred claims for fiscal year ended June 30, 2020, were \$3,043,712. The Daviess County Fiscal Court's contract with Anthem Blue Cross and Blue Shield has no terminal liability provision. The court would be responsible to pay all run-out claims after termination. The health insurance fund had a balance of \$273,680 as of June 30, 2020, which \$214,204 is related to the self-insurance fund and \$59,476 is related to the flexible spending account.

In October 2019, the decision was made to move from a partially self-funded health insurance plan to the Kentucky State Employees Health Plan effective January 2020. The county continues to pay out runoff claims from the health insurance account. Once the last claim is paid the county will close the account.

Note 14. Subsequent Events

A. On August 11, 2020, the Daviess County Fiscal Court issued General Obligation Bonds, Series 2020A, in the amount of \$5,500,000. The bonds are being issued to finance the costs of the acquisition, installation, and equipping of a public safety grade radio system. The bonds shall each be dated their date of initial issuance and delivery, or such other date as is determined in an award certificate accepting the bid of the purchaser thereof to be executed the county judge/executive or county treasurer and bear interest from the sale date of the bonds. Interest on the bonds shall be payable each June 1st and December 1st, commencing December 1, 2020, at the stated interest rate or rates on the principal amounts thereof, calculated on the basis of a 360 day year with 30-day months.

Note 14. Subsequent Events (Continued)

B. On August 31, 2020, the Daviess County Fiscal Court issued Industrial Building Revenue Refunding Bonds, Series 2020 (Audubon Area Community Services, Inc.), in the amount of \$1,793,856. The bonds were issued to refinance the outstanding First Mortgage Revenue Bonds (Audubon Area Community Services, Inc. Project), Series 2007.

Note 15. Conduit Debt

From time to time, the county has issued bonds to provide financial assistance to various entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest, in accordance with KRS 103.210. This debt may take the form of certain types of limited-obligation revenue bonds, certificates of participation, or similar debt instruments. Although conduit debt obligations bear the Daviess County Fiscal Court's name as issuer, the fiscal court has no obligation for such debt beyond the resources provided by a lease or loan with the third party on whose behalf it is issued. Neither the fiscal court nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statement. As of June 30, 2020, conduit debt has been issued but the amount currently outstanding is not reasonably determinable.

Note 16. Tax Abatements

In the current year, property taxes related to one entity were abated. The entity is eligible to receive this tax abatement under an industrial revenue bond agreement. The taxes are abated by a reduction of assessed value. There is no provision for recapture of abated taxes. Scott Paper Company (now Kimberly-Clark) committed to buy over 1,000 acres and build a \$500 million paper-making plant employing up to 550 people. For fiscal year ended June 30, 2020, property taxes totaling \$45,194 were abated. As part of the tax abatement agreement, the fiscal court committed to issuing the Industrial Revenue Bonds which allowed the property to be property-tax exempt.

In addition, occupational license taxes related to another entity were abated pursuant to KOC 220.24 (2013). The taxes are abated by a reduction of 0.35% in occupational license tax provided the entity. The entity is eligible to receive this tax abatement under the Kentucky Business Investments Program of the Kentucky Economic Development Finance Authority. There is no provision for recapture of abated taxes. Southern Star Central Gas Pipeline Inc. committed to build a \$6+ million employee excellence center and create an additional twenty jobs. For fiscal year ended June 30, 2020, \$13,366 in occupational license taxes were abated.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

MIKE HARMON AUDITOR OF PUBLIC ACCOUNTS

The Honorable Al Mattingly, Daviess County Judge/Executive Members of the Daviess County Fiscal Court

Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of The Financial Statement Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Receipts, Disbursements, and Changes in Fund Balances - Regulatory Basis of the Daviess County Fiscal Court for the fiscal year ended June 30, 2020 and the related notes to the financial statement which collectively comprise the Daviess County Fiscal Court's financial statement and have issued our report thereon dated April 6, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Daviess County Fiscal Court's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Daviess County Fiscal Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Daviess County Fiscal Court's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

209 ST. CLAIR STREET FRANKFORT, KY 40601-1817 Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of The Financial Statement Performed In Accordance With *Government Auditing Standards* (Continued)

Compliance And Other Matters

As part of obtaining reasonable assurance about whether the Daviess County Fiscal Court's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Mike Harmon Auditor of Public Accounts

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH UNIFORM GUIDANCE

MIKE HARMON AUDITOR OF PUBLIC ACCOUNTS

The Honorable Al Mattingly, Daviess County Judge/Executive Members of the Daviess County Fiscal Court

Report On Compliance For Each Major Federal Program And Report On Internal Control Over Compliance In Accordance With Uniform Guidance

Independent Auditor's Report

Report on Compliance for Each Major Federal Program

We have audited the Daviess County Fiscal Court's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Daviess County Fiscal Court's major federal programs for the year ended June 30, 2020. The Daviess County Fiscal Court's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Daviess County Fiscal Court's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Daviess County Fiscal Court's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Daviess County Fiscal Court's compliance.

209 ST. CLAIR STREET FRANKFORT, KY 40601-1817 Report On Compliance For Each Major Federal Program And Report On Internal Control Over Compliance In Accordance With Uniform Guidance (Continued)

Opinion on Each Major Federal Program

In our opinion, the Daviess County Fiscal Court complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2020-001. Our opinion on each major federal program is not modified with respect to this matter.

The Daviess County Fiscal Court's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Daviess County Fiscal Court's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the Daviess County Fiscal Court is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Daviess County Fiscal Court's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Daviess County Fiscal Court's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-001, that we consider to be a significant deficiency.

Report On Compliance For Each Major Federal Program And Report On Internal Control Over Compliance In Accordance With Uniform Guidance (Continued)

Report on Internal Control over Compliance (Continued)

The Daviess County Fiscal Court's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Daviess County Fiscal Court's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Section III: Federal Award Findings And Questioned Costs

2020-001 The Daviess County Fiscal Court Submitted Ineligible Expenses For Reimbursement From The Coronavirus Relief Fund

Federal Program: 21.109 COVID-19-Coronavirus Relief Fund Award Number and Year: 2100000496, 2020 Reimbursement #1 Name of Federal Agency: U.S. Department of the Treasury Pass-Through Agency: Commonwealth of Kentucky, Department of Local Government Compliance Requirements: Activities Allowed/Unallowed, Period of Performance, Type of Finding: Significant Deficiency Amount of Questioned Costs: \$45,356

The Daviess County Fiscal Court submitted payroll expenses incurred prior to March 1, 2020, for reimbursement from the Coronavirus Relief Fund (The Fund) administered by the Commonwealth of Kentucky's Department for Local Government (DLG). The ineligible expense was for the county's fire department's payroll that was paid on March 12, 2020. The payroll submission causing questioned costs ran from February 23, 2020 through March 6, 2020, which included seven days outside the CRF's prescribed period of performance.

Questioned costs were computed based on the cost of the county's fire department's payroll for the period of February 23, 2020 through February 28, 2020, which were included in the March 12, 2020 payroll submission. The amount of the county fire department's gross payroll for the days in February being questioned is \$45,356.

According to the assistant county treasurer, guidance provided to the county on DLG's Coronavirus Relief Fund application for funding stated "A cost is "incurred" when the responsible unit of government has expended funds to cover the cost." Based on that guidance, the county thought that since the pay period was paid on March 12, 2020, the payroll would have been incurred during the grant's period of performance and therefore allowed to be submitted for reimbursement.

As a result, the county submitted a pay period for reimbursement that included the days worked on February 23-29, 2020, which was outside the grant's period of performance. This resulted in \$45,356 of questioned costs.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") established the Coronavirus Relief Fund (the "Fund") and appropriated \$150 billion for payments by Treasury to States, tribal governments, and certain local governments. The CARES Act provides that payments from the Fund may only be used to cover costs that—

- 1. are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
- 2. were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and
- 3. were incurred during the period that begins on March 1, 2020, and ends on December 31, 2021.

Section III: Federal Award Findings And Questioned Costs

2020-001 The Daviess County Fiscal Court Submitted Ineligible Expenses For Reimbursement From The Coronavirus Relief Fund (Continued)

Initial guidance released on April 22, 2020, provided that the cost of an expenditure is incurred when the recipient has expended funds to cover the cost. Upon further consideration and informed by an understanding of State, local, and tribal government practices, Treasury is clarifying that for a cost to be considered to have been incurred, performance or delivery must occur during the covered period but payment of funds need not be made during that time (though it is generally expected that this will take place within 90 days of a cost being incurred)."

Additionally, CFR 200.303 states: "The non-Federal entity must:

(a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

We recommend the Daviess County Fiscal Court contact DLG for guidance on how to resolve this issue. We also recommend the Daviess County Fiscal Court strengthen internal controls over federal awards by implementing review processes to catch and resolve these matters going forward.

Views of Responsible Official and Planned Corrective Action:

Daviess County Fiscal Court (DCFC) worked with the Department of Local Government (DLG) and believed that its initial filing complied with all Federal and State requirements. Upon learning that one of the payroll amounts was being questioned and deemed ineligible, DCFC worked with DLG and filed an amended application which substituted eligible payroll amounts. The issue is resolved and DCFC is not required to return any of the reimbursement.
