## **Agreed-Upon Procedures Engagement Mason County Clerk's Fee Account**

**FRANKFORT, Ky.** – State Auditor Allison Ball today released the 2024 agreed-upon procedures engagement of Mason County Clerk Stephanie Schumacher. State law requires the auditor to conduct annual audits of county clerks and sheriffs.

In 2018 the Kentucky General Assembly, following a recommendation by the State Auditor, passed legislation that allows county sheriffs and clerks that met certain criteria to apply for an Agreed-Upon Procedures (AUP) engagement in lieu of an audit of their fee account. The intent of the change, which became effective in July 2018, was to reduce audit costs for sheriffs and clerks that have a history of clean audits, while still maintaining an appropriate level of accountability.

The Mason County Clerk applied for and received approval from the Auditor of Public Accounts (APA) to obtain an AUP engagement for calendar year 2024 in accordance with KRS 43.070(1)(c). AUP reports present the procedures performed and the results of those procedures, called findings. Auditors performed the procedures, which were agreed to by the Mason County Clerk, on receipts and disbursements, excess fees, recordkeeping, leases, contracts, and liabilities for the period January 1, 2024 through December 31, 2024.

### **Finding: Excess fees due to the fiscal court were recalculated and there are \$24,438 additional excess fee due to the fiscal court.**

Total Receipts	\$ 6,457,319
Total Disbursements	<u>6,312,881</u>
Excess Fees Due County for 2024	144,438
Payment to Fiscal Court	<u>120,000</u>
Balance Due Fiscal Court	\$ <u>24,438</u>

### **County Officials Response**

*County Clerk's Response: This excess fee amount will be paid to fiscal court now that audit is concluded.*

The county clerk's responsibilities include collecting certain taxes, issuing licenses, maintaining county records, and providing other services. The clerk's office is funded through statutory fees collected in conjunction with these duties.

The audit report can be found on the [auditor's website](#).
