Independent Auditor's Report

To the Board of Directors
Cumberland Valley Area Development District
London, Kentucky

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Cumberland Valley Area Development District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Cumberland Valley Area Development District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Cumberland Valley Area Development District, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cumberland Valley Area Development District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Cumberland Valley Area Development District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cumberland Valley Area Development District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the Board of Directors
Cumberland Valley Area Development District
London, Kentucky

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cumberland Valley Area Development District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cumberland Valley Area Development District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 7, the Budgetary Comparison Schedules on pages 41 through 43, the Schedule of Proportionate Share of the Net Pension Liability and Schedule of Contributions on page 47 and Schedule of Proportionate Share of the Net OPEB Liability and Schedule of Contributions on page 50 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Directors
Cumberland Valley Area Development District
London, Kentucky

Other Matters (Continued)

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cumberland Valley Area Development District's basic financial statements. The schedule of shared costs, statement of completed grants, schedule of revenues and expenses consumer directed option program, and statement of operations by program presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The other supplemental schedules and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2022, on our consideration of the Cumberland Valley Area Development District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Cumberland Valley Area Development District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cumberland Valley Area Development District's internal control over financial reporting and compliance.

Respectfully submitted,

Mike Harmon
Auditor of Public Accounts
Frankfort, Ky

December 16, 2022

**Cumberland Valley Area Development District
Management's Discussion and Analysis
June 30, 2022**

As management of the Cumberland Valley Area Development District (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with additional information found within the body of the financial statements and notes.

This Management Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – State and Local Governments, issued June 1999; GASB Statement No. 37, Basic Financial Statement – and Management Discussion and Analysis – for State and Local Governments; Omnibus, an amendment to GASB Statement No. 21 and No. 34, issued in June 2001; and in GASB Statement No. 38, Certain Financial Statement Note Disclosures, issued in 2001. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

The District's solid financial position is attributed to sound fiscal management and continuing review of all policies in search of ways to increase revenues and/or reduce costs. Our current financial position is strong and our budget for FY 2022 is solid and supports the needs of the District.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report includes the management's discussion and analysis, the independent auditors report, the District's audited financial statements, and notes to the financial statements. The notes to the financial statements explain in detail some of the information in the financial statements.

The District's financial statements utilize the accrual basis of accounting. Also, the financial statements conform to generally accepted accounting principles and guidelines set forth by the Governmental Accounting Standards Board (GASB). The District is a single fund, special purpose entity that provides regional planning, development and aging services to the city, county and nonprofit agencies within the 8-county area. As such, the entity-wide financial statements include a statement of net assets, a statement of revenues, expenses and changes in net assets, and a statement of cash flows. These statements display information about the entity.

The District does not utilize multiple funds in accounting for its financial activities; therefore, fund type statements are not presented. The Statements of Net Position details the District's assets and liabilities and very similar to the balance sheet. The Statements of Revenues, Expenses and Changes in Net Position details revenue classified by source and expenditures by purpose for separate fiscal years and the also considers adjustments, if any, for prior year events.

The basic financial statements can be found in the table of contents of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found in the table of contents this report.

(Continued)**

FINANCIAL ANALYSIS

The enclosed financial statements summarize the overall financial condition of CVADD for the fiscal years ended June 30, 2022 and 2021, as summarized in the following table:

	FY 2022	FY 2021
Current Assets	\$ 4,095,422	\$ 3,359,041
Notes Receivable, long term		100,148
Capital Assets	243,472	265,717
Deferred Outflows of resources	945,052	921,823
 Total Assets and Deferred Outflows	 <u>\$ 5,283,946</u>	 <u>\$ 4,646,729</u>
 Current Liabilities	 939,469	 748,503
Net Pension Liability	2,513,589	2,865,865
Net OPEB Liability	754,580	901,986
Long Term Liabilities		
Total Liabilities	<u>4,207,638</u>	<u>4,516,354</u>
 Deferred inflow of resources	 964,093	 466,796
 Net Position		
Invested in capital assets	243,472	265,717
Restricted	1,444,025	1,459,359
Unrestricted	<u>(1,575,282)</u>	<u>(2,061,497)</u>
Total Net Position	<u>112,215</u>	<u>(336,421)</u>
 Total Liabilities, Deferred inflows, & Net Position	 <u>\$ 5,283,946</u>	 <u>\$ 4,646,729</u>

Net position may serve over time as a useful indicator of a district's financial position. Cumberland Valley Area Development District assets exceeded liabilities by \$112,215 as of June 30, 2022, an increase of \$448,636 from the previous year.

The largest portion of the District's net position reflects its restricted assets, such as restricted cash for grant and revolving loan activities.

The following table presents a summary of revenues, expenses, and changes in fund balance reported for the fiscal year ended June 30, 2022, compared to the fiscal year ended June 30, 2021.

See table on next page

**Cumberland Valley Area Development District
Management's Discussion and Analysis
June 30, 2022
(Continued)**

FINANCIAL ANALYSIS (Continued)

	FY 2022	FY 2021
Revenues:		
Federal and state revenues	\$ 8,440,351	\$ 4,560,611
Local Revenues	370,816	318,075
Interest Income		
Total Revenues	<u>\$ 8,811,167</u>	<u>\$ 4,878,686</u>
Expenses		
Personnel	1,557,058	1,570,766
Contractual	5,750,477	2,064,038
Other	<u>1,135,493</u>	<u>894,199</u>
Total Operating Expenses	8,443,028	4,529,003
Operating Income	368,139	349,683
Non-operating Income (Expense)		<u>(169,613)</u>
Increase (decrease) in fund balance	<u>\$ 368,139</u>	<u>\$ 180,070</u>

From June 30, 2021 to June 30, 2022, CVADD's fund balance increased \$368,138. Current fiscal year revenues increased \$3,932,481. This increase is attributable to the CDO program classified on the financial statements.

Capital Assets

The following table summarizes the capital asset and depreciation activity of the District for the year ended June 30, 2022:

	FY 2021	Additions	Deductions	FY 2022
Property, furniture, vehicles, equipment	\$ 235,870	\$	\$	\$ 235,870
Building and land	<u>886,581</u>			<u>886,581</u>
Total fixed assets	1,122,451			1,122,451
Less: accumulated depreciation	<u>(856,734)</u>	<u>(22,245)</u>		<u>(878,979)</u>
Net	<u>\$ 265,717</u>	<u>\$ (22,245)</u>	<u>\$ 0</u>	<u>\$ 243,472</u>

**Cumberland Valley Area Development District
Management's Discussion and Analysis
June 30, 2022
(Continued)**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The District is experiencing slow-growing revenues and rising operating costs. More economical ways of delivering services and paying for those services is currently being researched.

In summary, the District enjoys a high level of services, excellent facilities, and adequate financial reserves. However, the reality is that steady development in the District that would generate new revenue to offset increased costs has not occurred due to state and federal budget constraints.

**CONTACTING THE CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
MANAGEMENT**

Questions regarding this report should be directed to the Executive Director by phone (606) 864-7391 or by mail at PO Box 1740, London, KY 40743.

**CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Cumberland Valley Area Development District (“District”) was created and established by KRS 147A.050 to 147A.120 and is a “Public Agency” within the meaning of KRS 65.210 to 65.300. The purpose of the Area Development District (ADD) is to improve the quality of life in the Cumberland Valley area by promoting economic development, to provide basic facilities essential to the stimulation of business, manufacturing, services, tourism and commercial activities; and through efforts promoting human resource development to improve health, welfare and education systems within the eight county area consisting of Bell, Clay, Harlan, Jackson, Knox, Laurel, Rockcastle, and Whitley; and provide a forum for elected officials and citizens to reach a consensus and establish local-state-federal partnerships to seek a coordinated solution to problems. The Board of Directors is composed of 49 members made up 8 County Judge Executives, 22 Mayors, and 19 Citizen Members.

The basic financial statements of the District have been prepared in accordance with U.S. generally accepted accounting principles as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

Basis of Presentation

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The following is a summary of the basis of presentation:

Government-wide Financial Statements - The statement of net position and the statement of revenues, expenses, and changes in net position display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the District that are governmental, which normally are supported by tax revenues, and those that are considered business-type activities, which rely significantly on fees and charges for support.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function or program of the District’s governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the District. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities; and a statement of revenues, expenditures and changes in fund balances, which reports on the changes in total fund balances. Proprietary funds and fiduciary funds are reported using the economic resources measurement focus. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activities.

Accounting principles generally accepted in the United States of America require that the General Fund be reported as a major fund. All other governmental and proprietary funds whose assets, liabilities, revenues, or expenditures comprise at least 10% of the total for the relevant fund category and at least 5% of the corresponding total for all governmental and proprietary funds combined must also be reported as major funds.

The District has the following funds:

1. Government Fund Types

The General Fund is the main operating fund of the District. It accounts for all revenues and expenditures of the District not encompassed within other funds. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund. This is a budgeted fund, and any fund balances are considered as resources available for use. This is always a major fund of the District.

The Special Revenue Fund - Aging account for proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to disbursements for specified purposes. It includes federal financial programs where unused balances are returned to the grantor at the close of the specified project periods as well as the state grant programs. Project accounting is employed to maintain integrity for the various sources of funds. The separate projects of federally-funded grant programs are identified in the Schedule of Expenditures of Federal Awards included in this report. This is a major fund of the District.

The Special Revenue Fund – CDO account for proceeds of specific state revenue sources (other than expendable trusts or major capital projects) that are legally restricted to disbursements for specified purposes. Project accounting is employed to maintain integrity for the sources of funds. This is a major fund of the District.

2. Proprietary Fund Types

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, or other purposes. Both Revolving Loan Funds are major funds of the District.

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The District uses the accrual basis of accounting.

Revenues – The District recognizes revenue on the accrual basis of accounting. Grant and contract revenue are recognized as eligible expenses are incurred. Revenue is recognized on performance contracts based upon the percentage of completion or agreed upon services method.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, includes grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis.

Unearned Revenue - Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are recorded as unearned revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as needed.

Revolving Loan Notes Receivable

Revolving loan notes receivable are stated at face value, less an allowance for loan losses. The allowance is established through periodic charges to direct expenses.

Allowance for Doubtful Accounts

The allowance for loan losses related to revolving loans is established through a provision for loan losses charged to expenses. Loans are charged against the allowance for loan losses when management believes that the collectability of the principal is unlikely. The allowance is an amount that management believes will be adequate to absorb possible losses on existing loans that may become uncollectible, based on evaluations of the collectability of loans and prior loan loss experience. The evaluations take into consideration such factors as changes in the nature and volume of the loan portfolio, overall portfolio quality, review of specific problem loans, and current economic conditions that may affect the borrowers' ability to pay.

Cash and Cash Equivalents

The District has bank accounts and certificates of deposit. The monies are either maintained in a central bank account or used to purchase legal investments.

Prepaid Assets

Payments made that will benefit periods beyond the end of the fiscal year are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of \$5,000. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets, except land and construction-in-progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives for general capital assets:

Description	<u>Estimated Lives</u>
Buildings and infrastructure	10-50 years
Machinery and equipment	10 years

Accumulated Unpaid Vacation and Sick Leave Benefits

Vacation benefits are accrued as a liability as the benefits are earned if the employee's right to receive compensation is attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Full-time employees accrued vacation time is based on the employee's length of service or specified in a written employment offer. The maximum amount of vacation time that can be accrued for any employee is 30 days. The entire unpaid vacation benefit liability is reported on the financial statements.

Sick leave benefits are accrued at the rate of one and one quarter (1.25) days per month with no maximum accumulation. Per District policy, no payment of sick will be made to any employee in the event of termination of employment, regardless of the reason. Therefore, there is no liability for unused sick leave benefits recorded in the accompanying financial statements.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the financial statements.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, claims and judgments, accumulated sick leave, contractually required pension contributions and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due.

Bonds and Related Premiums, Discounts, and Issuance Costs

In the financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payables are reported net of the applicable bond premiums or discounts. Bond issuance costs are expensed when bonds are issued.

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgetary Process

Budgetary Basis of Accounting: The District's budgetary process accounts for certain transactions on a basis other than Generally Accepted Accounting Principles (GAAP). The major differences between the budgetary basis and the GAAP basis are: Once the budget is approved by the Board, it can be amended. Budgetary receipts represent original estimates modified for adjustments, if any, during the fiscal year. Budgetary disbursements represent original appropriations adjusted for budget transfers and additional appropriations, if any, approved during the fiscal year. Each budget is prepared and controlled at the revenue and expenditure function/object level. All budget appropriations lapse at year-end.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the District. For the District, those revenues are primarily grants and interest earned on revolving loans. All other revenues are non-operating, such as investment income. Operating expenses can be tied specifically to the production of the goods and services, such as materials and labor and direct overhead. Other expenses are non-operating, such as interest expense.

Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when limitations are imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

In-Kind

In-kind contributions included in the accompanying financial statements consist of donated volunteer time, facilities, or services.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers.

Deferred Inflows and Deferred Outflows of Resources

Deferred inflows and deferred outflows are recorded on the financial statements. The deferred outflows of resources presented were primarily created by differences in pension expectations, the prior refunding of revenue bonds, and deferral of pension contributions. Deferred inflows were primarily created by actuarial determinations of net pension liability changes.

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the County Employees Retirement System Non-Hazardous (CERS) and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the pensions. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Cost Allocation Plan

The District is required by the Department of Local Government, to operate under a cost allocation plan that conforms to 2 CFR part 225. A summary of the cost allocation plan is described in detail in NOTE B. The District is in conformity with 2 CFR Part 225.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the District's management to make estimates and assumptions that affect reported amounts of assets, liabilities, fund balances, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE B. COST ALLOCATION

Joint Costs are accumulated into a cost pool and allocated to grant programs based on direct personnel costs, per a written cost allocation plan. All funds expended by the District are charged either to a specific grant and/or program element as a direct charge or allocated to all programs as a shared (indirect) cost. Direct charges are defined in 2 CFR part 225, Uniform Guidance (formerly OMB Circular A-87 and A-133) as those that can be identified specifically with a particular cost objective. Shared (indirect) costs are those incurred for a common or joint purposes benefiting more than one grant and/or program element. All costs are recognized under the provisions of 2 CFR Part 225, Uniform Guidance (formerly OMB Circular A-102).

NOTE C. CUSTODIAL CREDIT RISK - DEPOSITS

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. As of June 30, 2022, none of the District's bank balance was exposed to custodial credit risk because of coverage by Federal Depository insurance and by collateral agreements and collateral held by the pledging banks' trust departments in the District's name.

At June 30, 2022, the carrying amount of the District's deposits (cash and investments) was \$2,734,863 and the bank balance was \$2,974,228. Of this amount, \$1,447,771 is restricted for the Revolving Loan Funds as required by the Economic Development Administration (EDA). If the EDA determines that the District has excess funds, then those monies would be sequestered into an interest-bearing account separately from other restricted funds.

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE D. ACCOUNTS RECEIVABLES

Grant and local receivables are expected to be fully collectible. Grant and local grants receivable consist of the following:

	<u>2022</u>
Grants	\$ 1,345,931
Various Local	<u>14,628</u>
	<u>\$ 1,360,559</u>

Federal and state grants to be used or expended as specified by the grantor are recognized as revenue and recorded as receivables as qualifying expenditures are made.

NOTE E. REVOLVING LOAN PROGRAM AND RELATED RESTRICTED RECEIVABLES

The District received a grant of \$930,500 from the U.S. Department of Commerce, Economic Development Administration (EDA) to establish a revolving loan program to stimulate economic development in the area. In addition, the District provided a local match of \$393,500, as required by the grant. At June 30, 2022, the accompanying financial statements include revolving loans receivable of \$84,902 and cash of \$1,447,771. These loans receivable are restricted for the original use of the revolving loan program. One loan is in default, and therefore there is a balance of \$84,902 in allowance for doubtful accounts. Therefore, the net loan receivable balance at June 30, 2022 is \$0.00.

NOTE F. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2022 was as follows:

	FY 2021	Additions	Deductions	FY 2022
Property, furniture, vehicles, equipment	\$ 235,870	\$	\$	\$ 235,870
Building and land	<u>886,581</u>	<u></u>	<u></u>	<u>886,581</u>
Total fixed assets	1,122,451			1,122,451
Less: accumulated depreciation	<u>(856,734)</u>	<u>(22,245)</u>	<u></u>	<u>(878,979)</u>
Net	<u>\$ 265,717</u>	<u>\$ (22,245)</u>	<u>\$ 0</u>	<u>\$ 243,472</u>

Depreciation expense is directly charged to local operations due to the nature of the District.

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE G. RETIREMENT PLANS

General information about the County Employees Retirement System Non-Hazardous (CERS)

Plan description—Substantially all full-time employees of the District participate in the CERS, a cost-sharing multiple-employer defined benefit pension plan administered by the Kentucky Retirement System, an agency of the Commonwealth of Kentucky. Under the provisions of the Kentucky Revised Statute (“KRS”) Section 61.645, the Board of Trustees of the Kentucky Retirement System administers CERS and has the authority to establish and amend benefit provisions. The Kentucky Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for CERS. That report may be obtained from <http://kyret.ky.gov/>.

Benefits provided—CERS provides retirement, health insurance, death and disability benefits to Plan employees and beneficiaries. Employees are vested in the plan after five years’ service. For retirement purposes, employees are grouped into three tiers, based on hire date:

Tier 1	Participation date	Before September 1, 2008
	Unreduced retirement	27 years service or 65 years old
	Reduced retirement	At least 5 years service and 55 years old At least 25 years service and any age
Tier 2	Participation date	September 1, 2008 - December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old Or age 57+ and sum of service years plus age equal 87
	Reduced retirement	At least 10 years service and 60 years old
Tier 3	Participation date	After December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old Or age 57+ and sum of service years plus age equal 87
	Reduced retirement	Not available

Participating employees become eligible to receive the health insurance benefit after at least 180 months of service. Death benefits are provided for both death after retirement and death prior to retirement.

Contributions—Required contributions by the employee are based on the tier:

	<u>Required contribution</u>
Tier 1	5%
Tier 2	5% + 1% for insurance
Tier 3	5% + 1% for insurance

Funding Policy – Funding for the plan is provided through payroll withholdings and matching District contributions. The District contributes 26.95% of the employee’s total compensation subject to contribution.

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE G. RETIREMENT PLANS (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability for CERS. The amount recognized by the District as its proportionate share of the net pension liability associated with the District were as follows:

District's proportionate share of the CERS net pension liability	\$2,513,589
	<u>\$2,513,589</u>

The net pension liability for each plan was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The District's proportion of the net pension liability for CERS was based on the actual liability of the employees and former employees relative to the total liability of the System as determined by the actuary. At June 30, 2021, the District's proportion was 0.039424%. For the year ended June 30, 2022, the District recognized pension expense of \$31,580 related to CERS.

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expect and actual experience	\$ 28,864	\$ 24,396
Changes of assumptions	33,735	
Net difference between projected and actual earnings on pension plan investments	97,511	432,530
Changes in proportion and differences between District contributions and proportionate share of contributions	102,519	61,536
District contributions subsequent to the measurement date	<u>238,092</u>	
Total	<u>\$ 500,721</u>	<u>\$ 518,462</u>

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE G. RETIREMENT PLANS (CONTINUED)

The \$238,092 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows related to pensions will be recognized in pension expense as follows:

<u>Year ended June 30:</u>	
2022	(43,805)
2023	(35,238)
2024	(71,879)
2025	(104,911)
2026	(255,833)
	<u>(255,833)</u>

Actuarial assumptions—The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	<u>CERS</u>
Inflation	2.30%
Projected salary increases	3.3-11.5%
Investment rate of return, net of investment expense & inflation	6.25%
Municipal bond index rate	
Single equalivant interest rate	

Discount rate—For CERS, the discount rate used to measure the total pension liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan employees and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment return of 6.25%. The long-term investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of CERS proportionate share of net pension liability to changes in the discount rate—The following table presents the net pension liability of the District, calculated using the discount rates selected by each pension system, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
CERS	5.25%	6.25%	7.25%
District's proportionate share of net pension liability	\$ 3,223,797	\$ 2,513,589	\$ 1,925,909

NOTE G. RETIREMENT PLANS (CONTINUED)

Pension plan fiduciary net position—Detailed information about the CERS pension plans fiduciary net position, projected benefits, and projected funding status is available in separately issued financial reports at <http://kyret.ky.gov/>.

The payroll for employees covered under CERS was \$1,102,514. The contribution requirement for CERS for the year ended June 30, 2022, 2021, and 2020 was \$296,813, \$258,244, and \$245,384, respectively. The District met their contribution requirements.

NOTE H. OTHER POSTEMPLOYMENT BENEFITS PLAN

General information about the County Employees Retirement System Non-Hazardous (CERS)

Plan description—Employees are provided OPEBs through the County Employees Retirement System Non-Hazardous (CERS), a cost-sharing multiple-employer defined benefit pension plan administered by the Kentucky Retirement System, an agency of the Commonwealth of Kentucky. Under the provisions of the Kentucky Revised Statute (KRS) Section 61.645, the Board of Trustees of the Kentucky Retirement System administers CERS and has the authority to establish and amend benefit provisions. The Kentucky Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for CERS. That report may be obtained from <http://kyret.ky.gov/>.

Benefits provided—CERS provides hospital and medical insurance for eligible members receiving benefits from the pension plan. Employees are vested in the plan after five years' service. For plan purposes, employees are grouped into two groups, based on hire date. Members who reach a minimum vesting period of 10 years, and began participating on, or after, July 1, 2003, earn \$10 per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. For members participating prior to July 1, 2003, are paid up to a maximum of \$13.18 per month for every year of earned service. The percentage of the maximum monthly benefit paid is based on years of service as follows:

Years of Service	Paid by Insurance Fund (%)
20+ years	100.00%
15-19 years	75.00%
10-14 years	50.00%
4-9 years	25.00%
Less than 4 years	0.00%

Contributions—Required contributions by the employee are based on the tier:

Tier 1	Participation date	Before September 1, 2008
	Contribution percentage	0.00%
Tier 2	Participation date	September 1, 2008 - December 31, 2013
	Contribution percentage	1%
Tier 3	Participation date	After December 31, 2013
	Contribution percentage	1%

NOTE H. OTHER POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2022, the District reported a liability of \$754,580 for its proportionate share of the collective net OPEB liability that reflected a reduction for state OPEB support provided to the District. The collective net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the collective net OPEB liability was based on projection of the District's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021 the District's proportion was .037354 percent.

The amount recognized by the District as its proportionate share of the OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the CERS net OPEB liability	<u><u>\$754,580</u></u>
---------------------------------------------------------------	-------------------------

For the year ended June 30, 2022, the District recognized OPEB expense of \$5,967. On June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEBs from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expect and actual experience	\$ 118,658	\$ 225,293
Changes of assumptions	200,054	702
Net difference between projected and actual earnings on pension plan investments	38,018	156,062
Changes in proportion and differences between District contributions and proportionate share of contributions	28,880	63,574
District contributions subsequent to the measurement date	<u>58,721</u>	<u> </u>
Total	<u>\$ 444,331</u>	<u>\$ 445,631</u>

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the District's OPEB expense as follows:

<u>Year ended June 30:</u>	
2022	\$ 5,269
2023	(12,634)
2024	(12,142)
2025	(40,513)
2026	<u>\$ (60,020)</u>

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE H. OTHER POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distributions analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Discount rate – The Discount rate used to measure the total OPEB liability was 5.20%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the employer contributions will be made at statutorily required rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The following table presents the District's proportionate share of the collective net OPEB liability of the System, calculated using the discount rate of 5.20%, as well as what the District's proportionate share of the collective net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.20%) or 1-percentage-point higher (6.20%) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
CERS	4.20%	5.20%	6.20%
District's proportionate share of net pension liability	\$ 1,036,033	\$ 754,580	\$ 523,602

Sensitivity of the District's proportionate share of the collective net OPEB liability to changes in the healthcare cost trend rates – The following presents the District's proportionate share of the collective net OPEB liability, as well as what the District's proportionate share of the collective net OPEB liability would be if it were calculated using healthcare cost trend rates that were 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
CERS			
District's proportionate share of net pension liability	\$ 543,208	\$ 754,580	\$ 1,009,710

OPEB plan fiduciary net position – Detailed information about the OPEB plan's fiduciary net position is available in the separately issued TRS financial report.

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE I. DEFERRED COMPENSATION

The District offers its employees participation in a deferred compensation program administered by the Kentucky Public Employees' Deferred Compensation Authority. This program offers a plan authorized by Section 457(b) of the Internal Revenue Code and a plan authorized by Section 401(k) of the Internal Revenue Code. Both plans are available to all employees and permit them to defer up to 25% of their compensation (subject to limits) until future years. The District makes no contributions to these plans.

NOTE J. CONTINGENCIES

Grants - The District receives funding from Federal, State, and Local government agencies and private contributions. These funds are to be used for designated purposes only. For government agency grants, if based on the grantor's review the funds are considered not to have been used for the intended purpose, the grantor may request a refund of funds advanced, or refuse to reimburse the District for its disbursements, and the collectability of any related receivables as of June 30, 2022, may be impaired. The amount of such future refunds and unreimbursed disbursements, if any, is not expected to be significant. Continuation of the District's grant programs is predicated upon the grantors' satisfaction that the funds provided are being spent as intended and the grantors' intent to continue their programs.

NOTE K. RISK MANAGEMENT

The District is exposed to various forms of loss of assets associated with the risks of fire, personal liability, theft, vehicular accidents, errors and omissions, fiduciary responsibility, etc. Each of these risk areas is covered through the purchase of commercial insurance, fidelity bonds and employee dishonesty bonds. The District has purchased certain policies, which are retrospectively rated, which include workers' compensation insurance. Contributions for workers' compensation coverage are based on premium rates established in conjunction with the insurance carrier, subject to claims experience modifications and discounts.

NOTE L. CONCENTRATIONS

The District depends on grants from federal and state sources for its continued existence.

NOTE M. COBRA

Under COBRA, employers are mandated to notify terminated employees of available continuing insurance coverage. Failure to comply with this requirement may put the District at risk for a substantial loss (contingency). There were no instances of noncompliance noted.

NOTE N. TRANSFER OF FUNDS

The following transfers were made during the year:

<u>From Fund</u>	<u>To Fund</u>	<u>Purpose</u>	<u>Amount</u>
Special Revenue - Aging	General	Indirect Costs/Reimbursements	\$ 953,214
Special Revenue - CDO	General	Indirect Costs/Reimbursements	\$ 634,873
RLF-EDA Fund	General	Indirect Costs/Reimbursements	\$ 3,746

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENT
June 30, 2022
(Continued)

NOTE O. RELATED PARTY TRANSACTIONS

The District provides fiscal management services to Cumberland Valley Area Development District PDS Program as Fiscal Agent (CVADD PDS). CVADD PDS operates the Participant Directed Services (“PDS”) (formerly titled “Consumer Directed Options”) program for the Cabinet for Health and Family Services and the Department of Aging and Independent Living (DAIL) for the District. Waiver clients have the option to choose PDS at any time. The District serves as the fiscal agent for the client and as a support broker. For support broker, the District earns \$162.50 per month per client based upon an actual visit (or via a telephone call contact during the COVID-19 pandemic) made by District staff. For financial management, the District earns \$162.50 per month per client. For medical goods, the PDS programs bills the state for actual costs when the need is determined. For payroll, claims are submitted to the state after payroll is processed. During the year ended June 30, 2022, the District earned \$634,873 from the PDS program for administration.

NOTE P. PRIOR PERIOD ADJUSTMENTS

The Governmental Funds beginning fund balance was adjusted by an increase of \$7,225 due to a prior year accounting adjustment regarding the CDO fund. It involved a transfer between funds and does not affect our opinion on this audit. The Beginning Net Position was adjusted by an increase of a net \$123,940 due to recording CDO Fund net position and an error correction in revolving loans funds.

NOTE Q. DEFICIT FUND BALANCE / NET POSITION

The Special Revenue Fund - Aging had a deficit fund balance of \$138,392 as of June 30, 2022. The Governmental Activities had a deficit net position of \$1,331,810 as of June 30, 2022.

NOTE R. SUBSEQUENT EVENTS

Management of the District has evaluated subsequent events through December 21, 2022, which was the date the report was available for release. No events have occurred subsequent to the date of the financial statements that would require adjustment to or disclosure in the financial statements.

**CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

June 30, 2022

The District's budgetary process accounts for transactions on the modified accrual basis of accounting, which is consistent with accounting principles generally accepted in the United States of America. In accordance with state law, the District prepares an annual budget based upon estimates of local, state, and federal revenues. The budget contains estimated expenditures for current expenses, debt service, capital outlay, and other necessary expenses. The budget shall be submitted to the board no later than thirty days prior to the beginning of the fiscal year it covers. The board adopts the budget. The District has the ability to amend the budget. The budget was properly amended during the year.

Actual expenditures exceeded budgeted expenditures in the following funds and accounts:

General fund

Travel expenditures \$1,740
Other expenditures \$76,142

Special Revenue Fund – Aging

Other expenditures \$15,678
Services and contracts expenditures \$1,073,525
Required match expenditures \$143,111

Special Revenue Fund – CDO

Other expenditures \$30,317
Services and contracts expenditures \$629,703

**CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

June 30, 2022

NOTE A. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of the Cumberland Valley Area Development District (District) and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. Because this Schedule presents only a selected portion of the operations of the District, it is not intended to, and does not, present the financial position, changes in net position or cash flows of the District.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance or *OMB Circular A-87, Cost Principles for State and Local Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

NOTE C. CLUSTER PROGRAMS

The following ALN numbers are considered cluster programs:

Economic Development Cluster	
Investments for Public Works and Economic Development Facilities	11.300
Economic Adjustment Assistance	11.307
Highway Safety Cluster	
State and Community Highway Safety	20.600
Alcohol Impaired Driving Countermeasures Incentive Grants I	20.601
Occupant Protection Incentive Grants	20.602
Safety Belt Performance Grants	20.609
State Traffic Safety Information System Improvements Grants	20.610
Incentive Grant Program to Prohibit Racial Profiling	20.611
Incentive Grant Program to Increase Motorcyclist Safety	20.612
Child Safety and Child Booster Seat Incentive Grants	20.613
National Priority Safety Programs	20.616
Highway Planning and Construction Cluster	
Highway Planning and Construction	20.205
Recreational Trails Program	20.219
Federal Lands Access Program	20.224
Appalachian Development Highway System	23.003
WIOA Cluster	
WIOA Adult Program	17.258
WIOA Youth Activities	17.259
WIOA Dislocated Worker Formula Grants	17.278

CUMBERLAND VALLEY AREA DEVELOPMENT DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
June 30, 2022
(Continued)

NOTE C. CLUSTER PROGRAMS (CONTINUED)

Aging Cluster	
Special Programs for the Aging – Title III, Part B - Grants for Supportive Services and Senior Citizens	93.044
Special Programs for the Aging – Title III, Part C – Nutrition Services	93.045
Nutrition Services Incentive Program	93.053
CDBG – Entitlement Grants Cluster	
Community Development Block Grants/Entitlement Grants	17.258
Community Development Block Grants/Special Purpose Grants/Insular Areas	17.259

NOTE D. INDIRECT COST RATE

The District has elected not to use the 10% de minimus indirect cost rate as allowed under the Uniform Guidance.

NOTE E. LOANS

The Accounting Standards require disclosure of the calculation of the Revolving Loan Fund's federal expenditures as shown in the accompanying Schedule of Expenditures of Federal Awards. The RLF calculation for June 30, 2022 is as follows:

Loan Outstanding	\$ 84,902
Cash and Investments	1,447,772
Administrative Expenses	3,760
Unpaid principal of loans written off during the year	<u>1,536,434</u>
Federal Participation Rate	<u>70%</u>
Federal Share of the RLF	<u>\$ 1,075,504</u>

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

THIS PAGE LEFT BLANK INTENTIONALLY

MIKE HARMON
AUDITOR OF PUBLIC ACCOUNTS

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

To the Board of Directors
Cumberland Valley Area Development District
London, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Cumberland Valley Area Development District as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Cumberland Valley Area Development District's basic financial statements, and have issued our report thereon dated December 16, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Cumberland Valley Area Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cumberland Valley Area Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Cumberland Valley Area Development District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*
(Continued)

Compliance And Other Matters

As part of obtaining reasonable assurance about whether the Cumberland Valley Area Development District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Mike H", with a long horizontal line extending to the right.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

THIS PAGE LEFT BLANK INTENTIONALLY

MIKE HARMON
AUDITOR OF PUBLIC ACCOUNTS

Report On Compliance For Each Major Federal Program
And Report On Internal Control Over Compliance
In Accordance With The Uniform Guidance

Independent Auditor's Report

To the Board of Directors
Cumberland Valley Area Development District
London, Kentucky

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Cumberland Valley Area Development District's compliance with the types of compliance requirements identified as subject to audit in the *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the Cumberland Valley Area Development District's major federal programs for the year ended June 30, 2022. The Cumberland Valley Area Development District's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Cumberland Valley Area Development District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Cumberland Valley Area Development District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Cumberland Valley Area Development District's compliance with the compliance requirements referred to above.

Report On Compliance For Each Major Federal Program
And Report On Internal Control Over Compliance
In Accordance With Uniform Guidance
(Continued)

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Cumberland Valley Area Development District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Cumberland Valley Area Development District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Cumberland Valley Area Development District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Cumberland Valley Area Development District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Cumberland Valley Area Development District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Cumberland Valley Area Development District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report On Compliance For Each Major Federal Program
And Report On Internal Control Over Compliance
In Accordance With Uniform Guidance
(Continued)

Report on Internal Control over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Mike H", with a long horizontal line extending to the right.
